DESCRIPTION

Heavy use ring wrenches in mm

Ideal for powerful tightening/loosening thanks to the high-strength flank-drive head. The offset makes it easier to grip difficult-to-access nuts. Forged chrome-vanadium steel. 12-Flat flank-drive head. Satin finish. Possibility of adding an extension lockable with a stud to exert very high torque values. References of the extensions: 109-R1 for wrenches 109-24 to 109-30 109-R2 for wrenches 109-24 to 109-41 109-R3 for wrenches 109-46 to 109-55 109-R4 for wrenches 109-60 to 109-70
