DESCRIPTION

Series S1 impact wrench 1/2", ORV

INGENIOUSIt has a device developed by PTS integrating a blocking system making tightening impossible for the user. This means you can avoid any uncontrolled tightening operation while guaranteeing the main Only Reverse loosening function. This lightweight, ergonomic impact wrench has a power rating perfectly suited to 1/2" - 3/4" loosening while guaranteeing good utilisation comfort. This specific version is currently being deployed with all the major user accounts. The characteristics of the 1148M-1148-1163-ORV are identical to those of the standard 1148-1148M and 1163.
