DESCRIPTION

Mini impact wrench 1/2", aluminium series

PRACTICAL This is a good trade-off between size (120 mm max.) and suitable power (10,000 rpm) which makes it an ideal tool for maintenance and bodywork jobs, on power trains, etc. In short, an excellent weight/power ratio (680 Nm), one of the most attractive on the market. **BALANCED** Its small size (120 mm), light weight (1.5 kg) and ergonomic handle whose grip covers the handle completely, makes it particularly efficient for the small models. 1/2" impact wrench with aluminium casing. Developed to facilitate work in reduced spaces. Equipped with a double-hammer punch system, it delivers very high levels of power. Ductable rear exhaust.

STANDARDS / DIRECTIVES

2006/42/CE, ISO 11148-6, ISO 15744, ISO 28927-2
