DESCRIPTION

Orbital sander, backing pad 75mm-5-nv

RELIABLE This series of 75 mm orbital sanders combines three technical aspects that ensure great reliability and a longer tool lifetime: Very sensitive control lever, ensuring less jolting which lengthens the lifetime. Sander well-suited to touching up jobs and for operations on small surfaces. Its special design allows you to use it not only on irregular surfaces but also on areas with a rounded shape. The 2.5 mm models can also be used for the renovation of headlights. Ergonomic profile. Variable speed control. Exhaust to the rear on silencer block.

STANDARDS / DIRECTIVES

2006/42/CE, ISO 11148-6, ISO 15744, ISO 28927-2
