DESCRIPTION

Grinder multitechnical

HIGH PERFORMANCE

Its powerful 430 W motor allows you to carry out complex tasks, notably inside tubes (cylinder head, etc.).

Its power/speed ratio is 20% better than the performance commonly found on the market.

ERGONOMIC

Grinder designed for comfortable two-handed operation. Its 'full hand' design, which means that your hand can fully grasp the handle, and the stop for holding your index finger offer a perfect grip and allow you to exert great pressure on the part to be ground.

Long-spindle grinder suitable for places that are difficult to access and for working in tubular ducts.

Composite body.

Powerful motor (430 W).

Comfortable, ergonomic sheath insulating against the cold.

Silent ductable rear exhaust.
