DESCRIPTION

Intensive straight 6 mm grinder

POWERFUL Its power in watts is nearly double that of the other grinders in our product range. The time factor is the main criteria when it comes to choosing this equipment. **COMFORTABLE** Its 'full hand' handle comes into its own here. Your palm and fingers completely surround the tool, giving a perfect grip which is essential for a grinder used intensively in an industrial context. Grinder designed for intensive use for production or industrial maintenance tasks. Its working torque (745 W / 20,000 rpm) means it is also suitable for repetitive jobs. Sheathed casing handle insulating against the cold. Rear exhaust. Variable speed control and secure control lever.

STANDARDS / DIRECTIVES

2006/42/CE, ISO 15744, ISO 28927-2
