DESCRIPTION

Adjustable revolver screwing tool, aluminium body, 350 rpm

QUIET The utilisation of specific components as well as a new-generation motor ensures it has one of the lowest sound levels on the market: 76 dB (A). **COMPLETE** Its totally new design ensures the vibration level is exceptionally low (0.2 m/s²). Its low rotation speed reduces the risk of inappropriate movements, avoiding damage to the surface of the screw. New-generation power screwdriver dedicated to jobs requiring great screwing regularity. Built for continuous work on small and medium series. Aluminium body. Elastomer handle ensuring great comfort, ergonomic reverser.

STANDARDS / DIRECTIVES

2006/42/CE, ISO 11148-6, ISO 15744, ISO 28927-2
