DESCRIPTION

Universal shears

POWERFUL It owes its cutting capability to its absolutely unique design. The cutting edges are connected to the chisel by a multiple head, increasing the effect by nearly 40% with respect to conventional chisels. **HIGH PERFORMANCE** Its series equipment makes it very easy to cut steel and aluminium sheets up to 1.2 mm thick. For cutting resin, rubber or fabric sheets, its capacity can be increased to 3 mm by using long blades. Ergonomic aluminium body. Simplified blade changing. Variable speed control. Ducted rear exhaust. Supplied with a set of short blades. It is recommended to wear steel mail gloves when using it.
