DESCRIPTION

Straight chisel

PRECISE

It can cut up to 1.8 mm without damaging the part, and without creating any lip.

It is ideal for cutting aluminium up to 1.2 mm thick.

COMFORTABLE

It is equipped with a stop for positioning your index finger, the 45 mm cross-section of the chisel's body allows you to hold it fully in your hand, ensuring an excellent grip and adjustment of the speed as cutting advances.

Straight-cut chisel.

Composite casing insulating against the cold.

Variable speed control on the top.

Control lever with safety device.

Rear exhaust with silencer.

Low noise level for this type of product.
