**DESCRIPTION****Set of 2 reversible socket (21 x 24.5 + 26x27,5) with special extension.**

These sockets are designed for unblocking and unscrewing anti-theft nuts and screws when their special wrench has been misplaced. They can also be used to remove nuts and screws whose heads are damaged. They have a treated tapered helix on the inside that grips the outer wall of the anti-theft devices. The kit of 2 reversible sockets 19141S is suitable for ordinary anti-theft devices (70% of the market).
