DESCRIPTION

Two angles self locking pliers

These pliers can be used to work on cooling and fuel circuit collars, and even on wheel bearing clips. Pliers length: 205mm. Opening capacity: 77mm. Front and side linear imprint in the pliers' noses making it possible to grip the lug of the collar in the jaws, thus preventing it from slipping out of the pliers. The surface of the jaws is ridged to ensure a good grip on the collar. Opening spring. Chrome-plated finish and comfortable sheathed handle.
