DESCRIPTION

SAMSOPPLUS® riveting hammer + clip

Safety: To secure your interventions, to avoid falls and wasted time, to prevent accidents at work, to improve productivity = Opt for the SAM FME solution.

All products in the FME range are delivered equipped with an anti-fall clip of tools.

Ergonomic fibreglass reinforced handle. Finely polished tapered head. Non-slip material. Forged carbon steel head. Handle fitted with epoxy adhesive. SAFETY: Head-handle joined with two-component epoxy resin. Separation: 200% of the wooden handle standard. Thrust: 400% of the standard. COMPOSITION: Bone-shaped fibreglass: perfect rigidity. Withstands changes of environment. Polypropylene: lower vibration levels. SEBS over-moulding: ensuring the handle's ergonomics. COMFORT: The over-moulding makes it possible to obtain an ergonomic shape for an ideal grip and total adhesion. The wider lower part of the handle means you will not lose your grip on the hammer in movement. PRECISION: Head with finely polished tapered shape.
