## DESCRIPTION

## High-power pneumatic actuator spring compressor (2.5t) + accessories

### SAFETY

Foot startup with pneumatic control pedal distancing the operator from the compression unit.

Double tubular gate protecting the operator.

Equipped with an air supply cutout on gate opening.

Cup support with double positioning to increase the working stroke.

Increased safety on gate opening thanks to the new spring system.

Safety valve for stopping the machine on gate opening.

Protection bushing.

### POWERFUL:
