**DESCRIPTION****Joint cutter**

High-strength quenched steel seal-cutter. Precision: The indicated diameter can only vary by 0.2 mm at the most. Speed: Quick locking and unlocking: a patented system with pins allows you to quickly install and remove the joint cutters (694-NE-12 and following). It can be mounted directly on the comfortable handle (up to 10 mm) or on discs (starting from 12 mm). For cutting solid seals and ring seals in foam, cardboard, leather, rubber, fibre, plastic, lead, etc.
