DESCRIPTION

1.5-T spring compressor with 2 sets of cups

Maximum capacity: 1.5T.

This shock-absorber compressor is used to compress the springs on cars and vans. The robust design of its frame allows it to be held between the jaws of a vice in order to facilitate the work, it is used with an impact wrench.

The coating of the compression cups protects the springs, and the safety studs prevent any slippage.

Composition:

- 1 spring compressor 1,500kg
 - 2 pairs of cups (allocation list provided)
- Ø78-130mm and Ø125-205mm.

Max. opening: 360mm

Min. opening: 65mm

EC compliant
