DESCRIPTION

6l drainage pan

This drain pan has wide appeal and is suitable for DIY-enthusiasts and professional mechanics alike. Designed to recover oil and antifreeze, this pan will help keep the workshop floor free of oily residues and facilitate the return of the oil to the recycling containers with a minimum risk of spilling or splashing. Made of high-density polyethylene. The construction with thick walls remains rigid, even with hot oil. Large handle positioned to facilitate transport and pouring. Resistant to most chemicals and solvents. Does not dent or rust and is easy to clean. Capacity: 6 litres. Material: plastic.
