## DESCRIPTION

### 5-tray bimaterial tool chest

Resistance: Glassfibre-charged nylon cover with ribbed structure for greater robustness and impact-resistance. Safety: Closing with padlock (not supplied). Sturdy: Ribbed, zinc-plated rods to increase the box's service life after repeated opening and closing sequences. Long service life: The corners are fitted with protection pads to protect fragile work surfaces and raise the case.

Articulations by ribbed rods. Retractable handles. Locking with padlock (not supplied). Cover made of glassfibre-charged nylon with ribs. Four removable plastic protective legs.
