DESCRIPTION

DYNASTOP® high power manual rearming torque wrench with round ends

Robust and easy-to-use wrench. The DYNASTOP has been specially designed for heavy-duty mechanical, worksite and maintenance operations. **ERGONOMIC:** Handle that withstands hydrocarbons, solvents, brake fluid and paraffin. Quick setting by means of the cursor. Manual wrench resetting by means of the knob. Utilisation of the extension for the whole range of available torque values. Possibility of using the handle DP-80 for obtaining high torque values. **PRECISION:** Precision guaranteed to +/- 6%. Wrench supplied with a 3-point calibration certificate in a box. Each wrench is numbered and supplied with a verification report in compliance with standard NF EN ISO 6789. Mechanical click-type torque wrench. Type II - Class G.
