## DESCRIPTION

## Brake flaring device

Allows the user simply and easily to flare copper or fine steel brake pipes. Functions with a ratchet or a wrench (not included in the kit). Compact, allows the user to work in confined spaces, on or outside the vehicle. Can be used to make SAE and DIN flanges. For pipes dia. 4.75 and 6mm. With 2 stamping dies and 2 punches. Easy to use (easier to use than the other similar tools on the market). Automatic pipe centring.
