## DESCRIPTION

### Centre reversion 1/4" radio push ratchet

**Comfort:** The two-material handles combine robustness and a comfortable grip. **Precision:** The compact heads and low return angle (5°) allow you to work in confined spaces. **Safety:** The PUSH system locks the socket in place, which is particularly useful for small dimensions.

Bright polished chrome-plate finish. The reversal knob allows you to change the rotation direction with one hand. The SAM ratchets guarantee strength and durability: case-hardened teeth. Return angle: 5°.

## STANDARDS / DIRECTIVES

NF ISO 1174-1, NF ISO 3315
