DESCRIPTION

Laser double headlight tester + camera

Suitable for checking and adjusting every type of headlight (measurement as % degree or cm/10m the slope of main- and dipped-beam headlights, and fog-lights), including Xenon, LED and matrix headlights.

Suitable for cars and vans, as well as for HGVs.

Connection to PC computers via USB, Bluetooth and WiFi.

Connection to any printer via USB, Bluetooth and WiFi.

Laser alignment sighting + central laser pointer for easily positioning the device in front of the vehicle.

Rotary mast enabling 360° rotation of the body of the headlight tester around the axis of the bar.

Height adjustment system with locking system.

Power: Li-Ion batteries with input for 230 VAC external battery charger.
