## DESCRIPTION

### CONTAINER 200 LTR PLASTIC

This plastic container with a capacity of 200 liters is lightweight, stackable and designed for a secure storage of every inflammable liquid in compliance with regulations. With a grid surface area of approximately 1,330 mm x 680 mm x 410 mm, you can place various barrels on it. The robust legs of the container ensure easy handling with a forklift or a pallet truck. This container is stackable and therefore, it takes little place when it is not used.
